

# Our products

Nouca is the fruit of our roots. From the passion for cultivation and working in a rural environment, it arises the desire to offer a delicious, ecological and local product. Through care and respect for the land, we lead a project that aims to bear its own fruit.

# Nouca is from Spain

The humid winters, full of fog, the warm summers and the characteristic land of the area, ensure that the nuts produced in the lands of Lleida have a differential flavor that makes them unique. Its taste is unmatched on the palate and that is why our team distinguishes this product through the proximity seal to bring the flavor of this land to the entire territory.
